

LITERACY - PHONOLOGICAL AWARENESS

Rhyming Words

48 questions over twelve sheets

cat

hat

dog

sun

Hearing that cat and hat end the same way is the single best predictor of how easily a child will learn to read, and it is a listening skill rather than a reading one.

Read all four words out loud before choosing. A child who reads them silently is doing spelling, which is a different exercise.

A4 - black ink only - ages 4-6
