

Tally Marks and Bar Charts

Twelve sheets: count it, tally it, then chart it

Data handling starts long before graphs. It starts with counting a group without losing your place, which is exactly what a tally in fives is for.

Every sheet runs the same three steps on a new set of shapes:
count, record as tally marks, then color the bar chart.

A4 - black ink only - ages 5-8

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

 circle

 star

 heart

 square

Now color one square for each shape you counted.

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

 circle

 star

 heart

 square

Now color one square for each shape you counted.

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

 circle

 star

 heart

 square

Now color one square for each shape you counted.

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

 circle

 star

 heart

 square

Now color one square for each shape you counted.

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

 circle

 star

 heart

 square

Now color one square for each shape you counted.

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

 circle

 star

 heart

 square

Now color one square for each shape you counted.

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

 circle

 star

 heart

 square

Now color one square for each shape you counted.

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

 circle

 star

 heart

 square

Now color one square for each shape you counted.

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

 circle

 star

 heart

 square

Now color one square for each shape you counted.

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

 circle

 star

 heart

 square

Now color one square for each shape you counted.

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

 circle

 star

 heart

 square

Now color one square for each shape you counted.

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

 circle		☐
 star		☐
 heart		☐
 square		☐

Now color one square for each shape you counted.
