MATH - ADDITION

4 Digit Addition Worksheets

192 column sums in six stages, no carrying through to carrying three times

Every sum is set out under Th, H, T and O. The thousands sit under the thousands, and a shorter number is written under the right-hand columns with no leading zero, because lining it up is the lesson.

Six stages of four sheets. Carrying is added one column at a time: out of the ones, then the tens, then two at once, then three.

Twenty-four sheets of eight. Answers at the back.

A4 - black ink only - class 3 and 4, ages 8-10

Name _____ Date _____

4 digit + 3 digit, no carrying

Line the ones up first. The thousands just come down.
