HANDWRITING - CURSIVE

Cursive Capital Letters A–Z

26 worksheets, one letter a page, on a four-line cursive rule

Cursive capitals are the hard part: G, I, Q and S look nothing like the printed letters, so each sheet says which ones are close to print and which need copying slowly from the grey model.

Traditional US cursive (Playwrite US Trad).

Twenty-six sheets.

US Letter - black ink only - ages 7–10

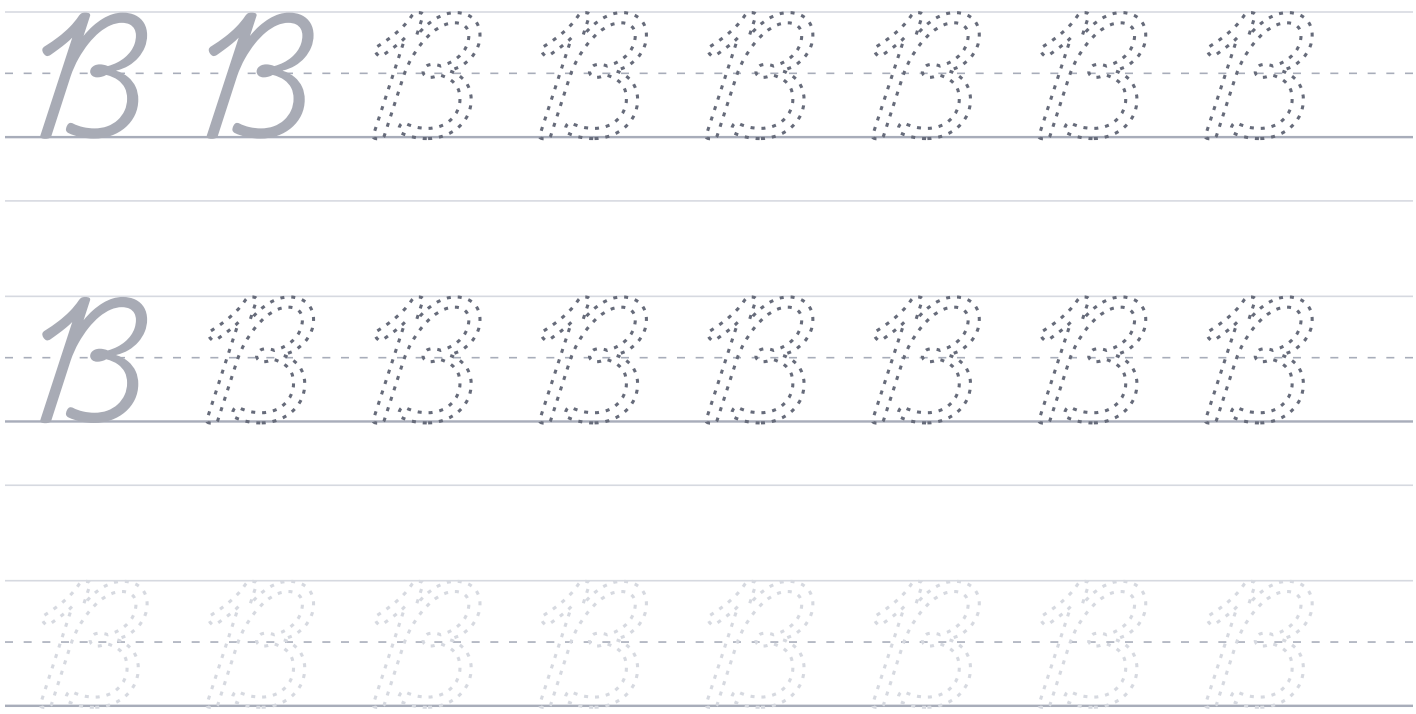

Cursive A

Like *a* big lowercase *a*, with *a* curl to finish.

Cursive B

Close to the printed letter. Watch the curl at the start and the end.

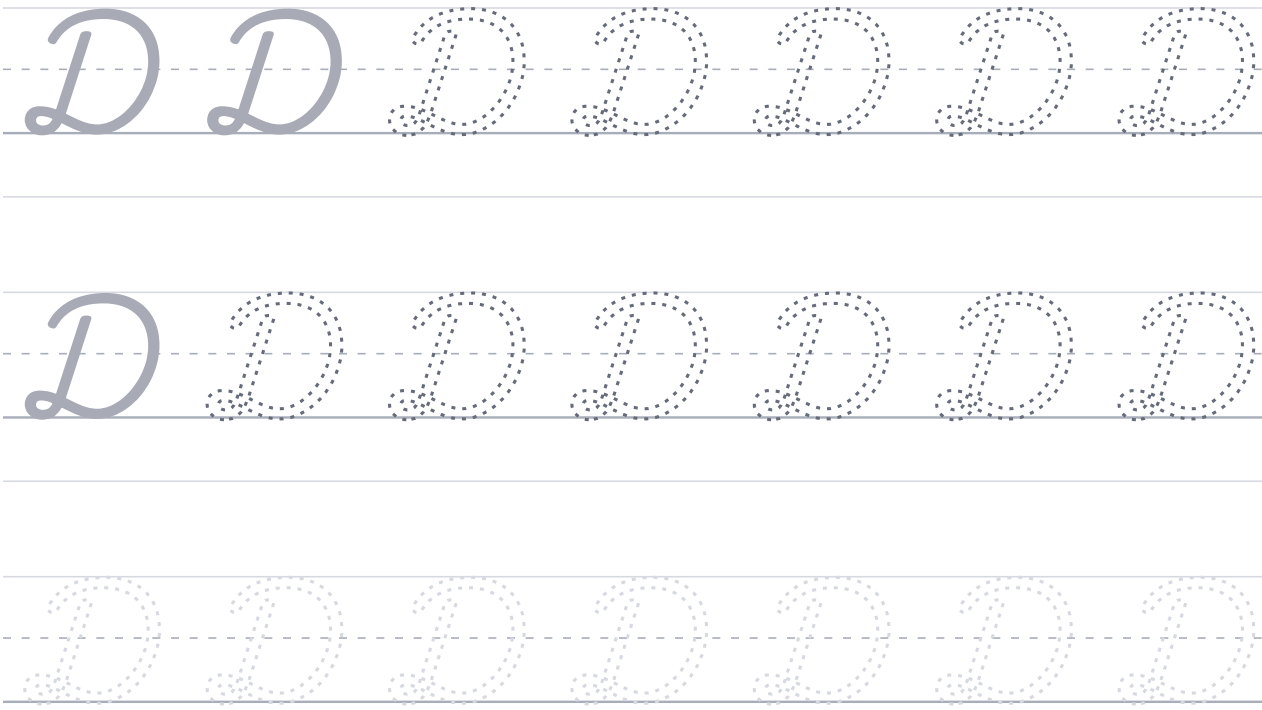

Cursive C

Close to the printed letter. Watch the curl at the start and the end.

Cursive D

A small loop at the bottom left, then round the back.

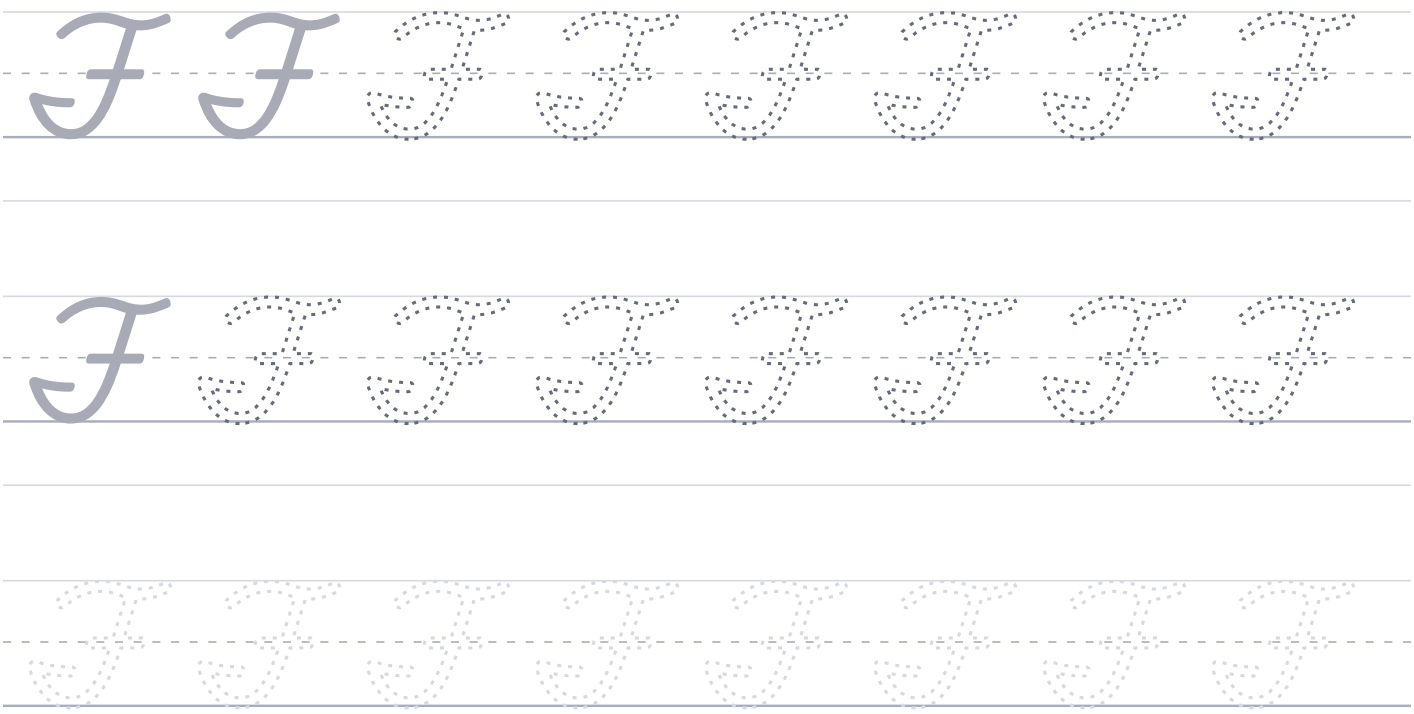

Cursive E

Two curves stacked, like a backwards 3.

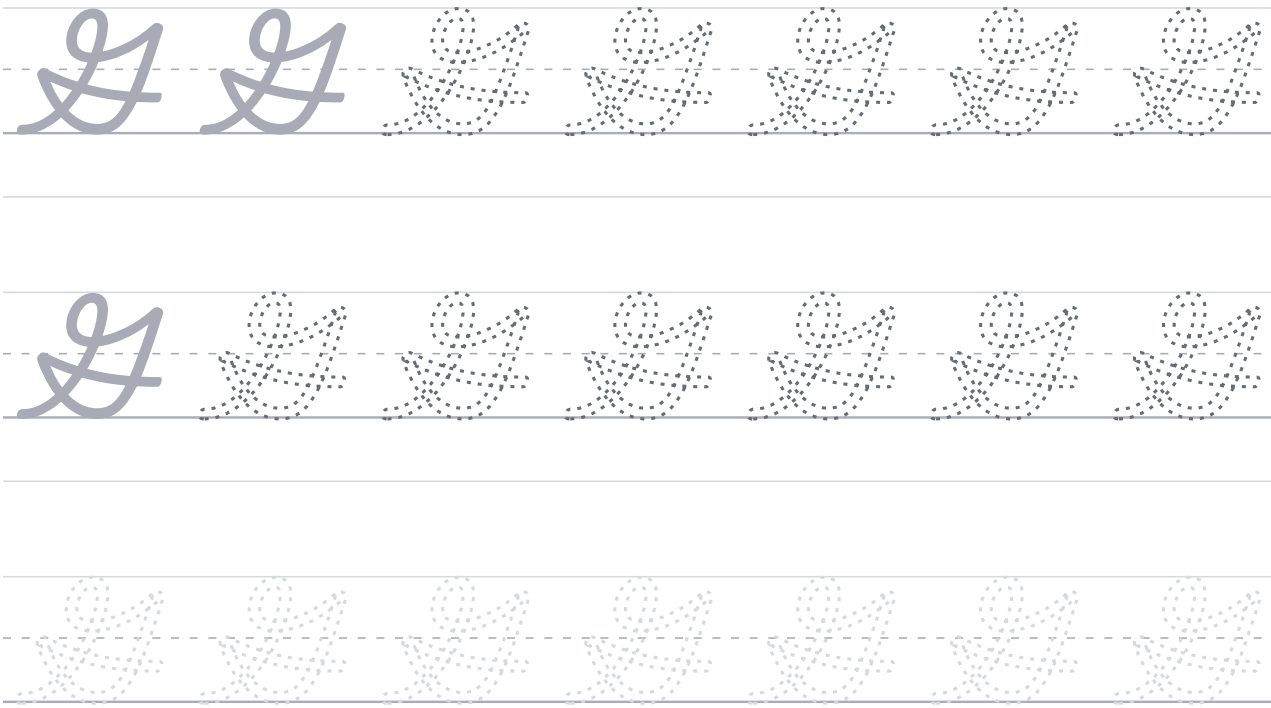

Cursive F

A wave across the top, a stem, and a short cross.

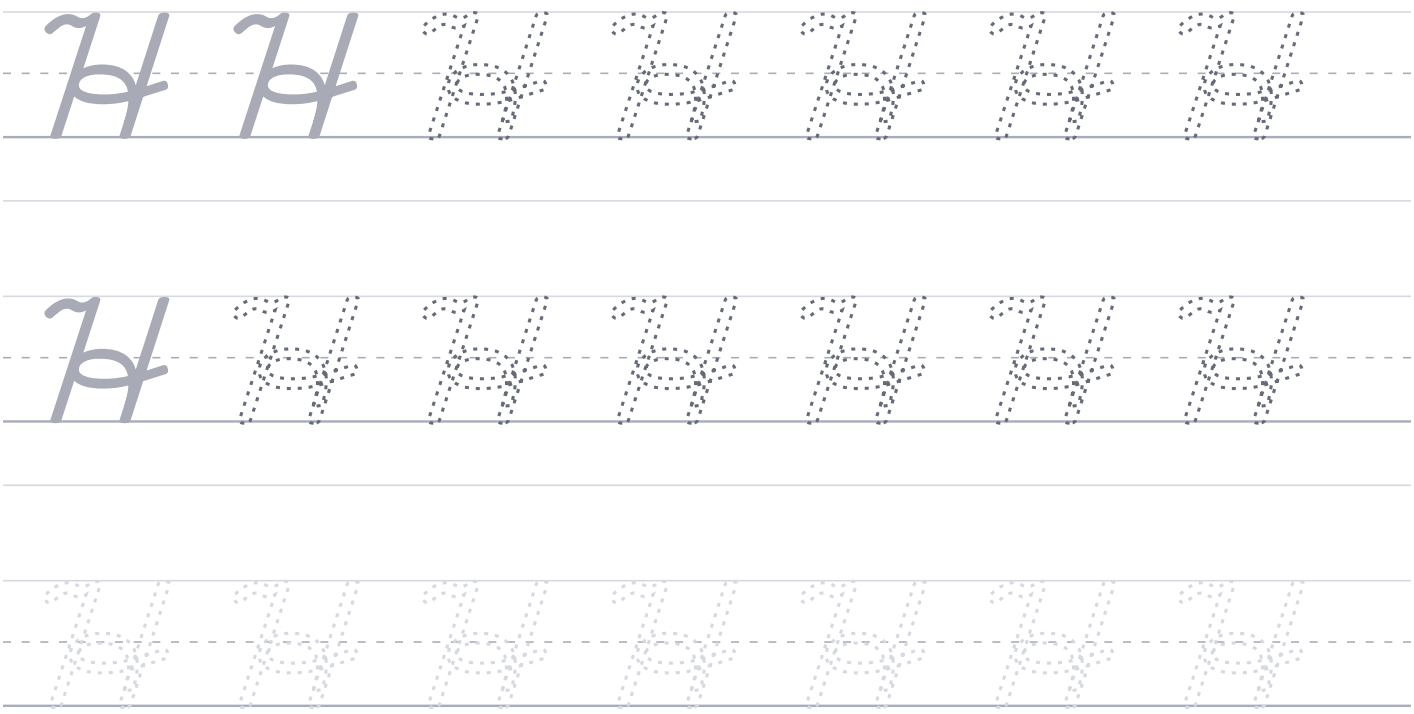

Cursive G

Nothing like the printed G. Copy the grey model slowly.

Cursive H

Two strokes joined by a loop across the middle.

Cursive I

Nothing like the printed I. Copy the grey model slowly.

Cursive J

A loop above the baseline and another below it.

Cursive K

Close to the printed letter. Watch the curl at the start and the end.

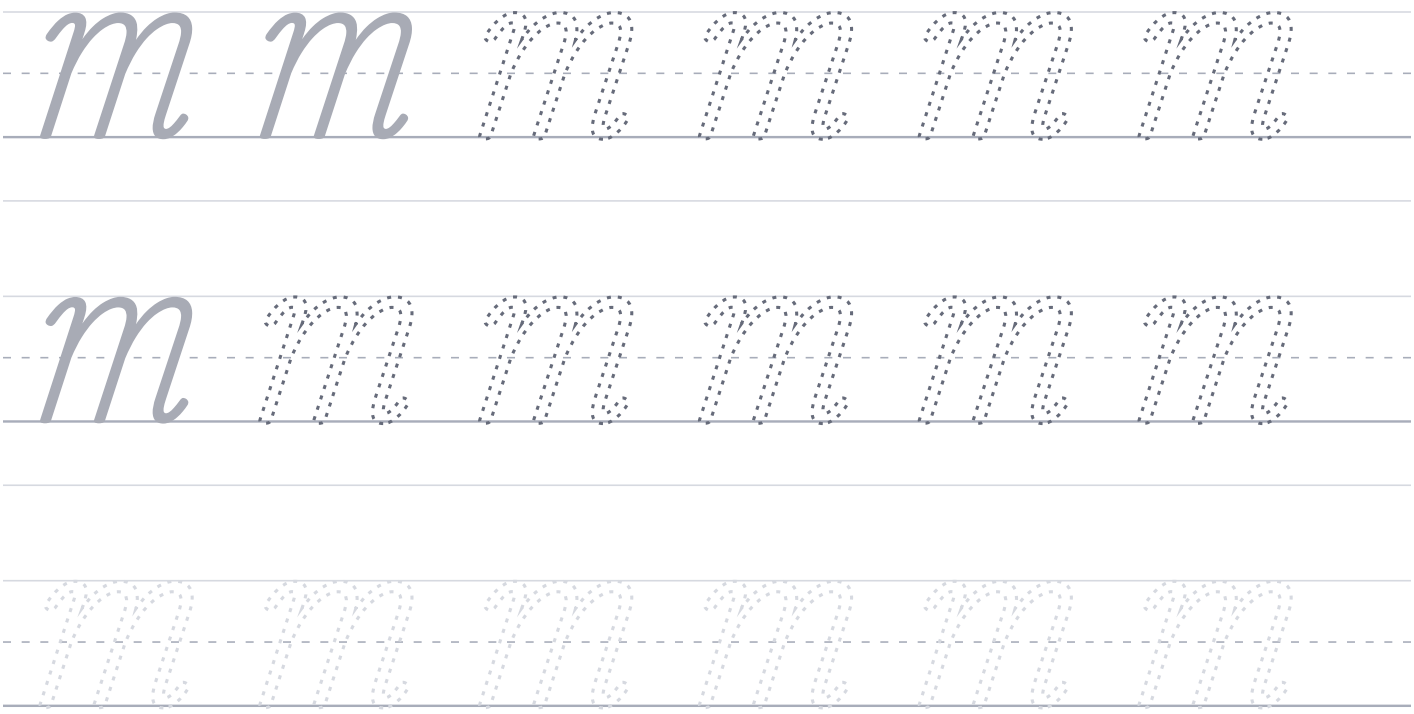

Cursive L

A loop at the top and a small loop along the bottom.

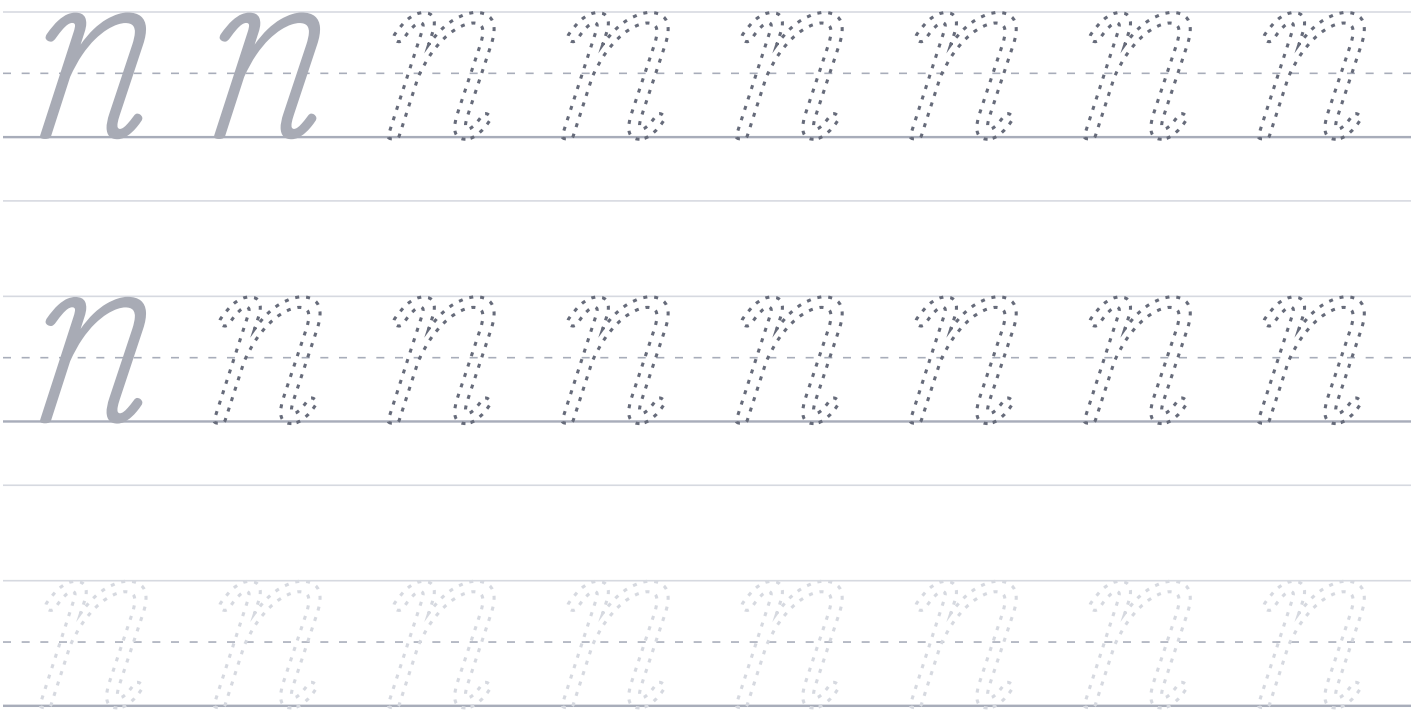

Cursive M

Close to the printed letter. Watch the curl at the start and the end.

Cursive N

Close to the printed letter. Watch the curl at the start and the end.

Cursive O

Close to the printed letter. Watch the curl at the start and the end.

Cursive P

Close to the printed letter. Watch the curl at the start and the end.

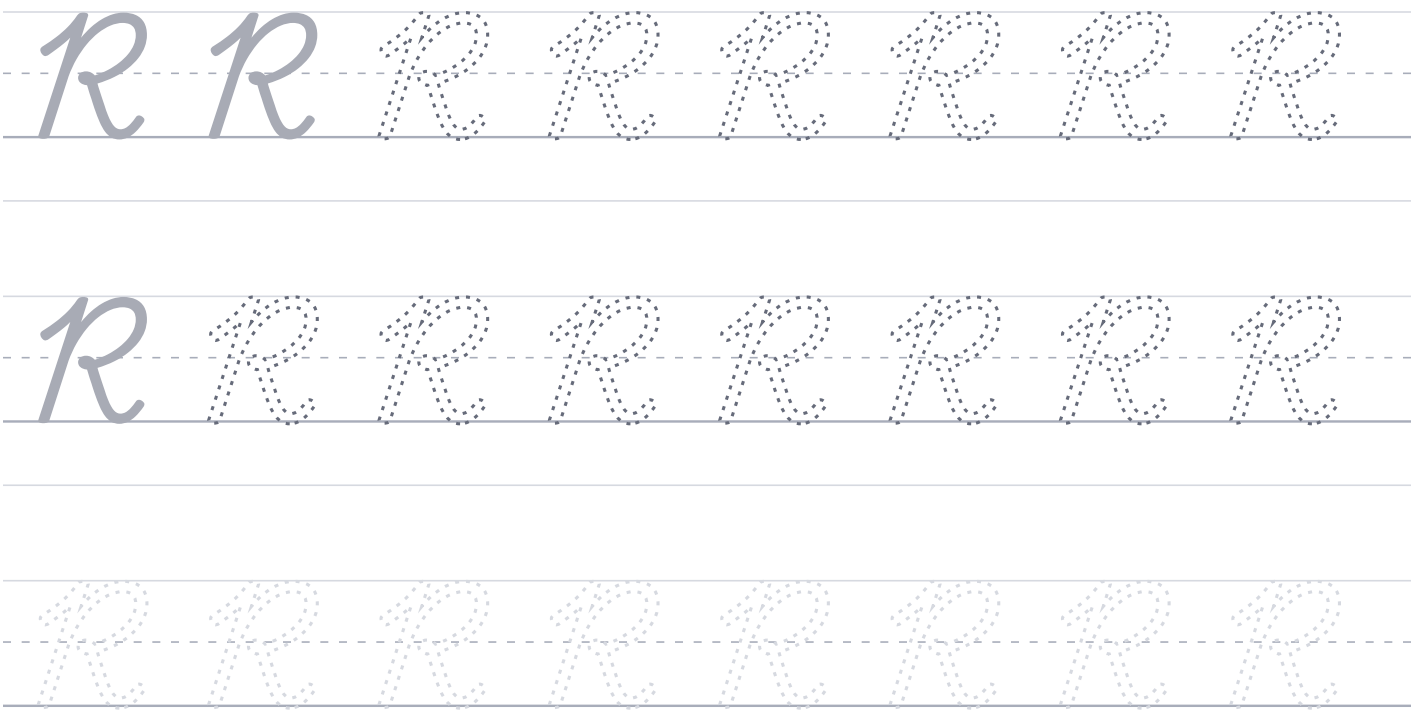

Cursive Q

Nothing like the printed Q. Copy the grey model slowly.

Cursive R

Close to the printed letter. Watch the curl at the start and the end.

Cursive S

A little taller than the other capitals, with a loop to start.

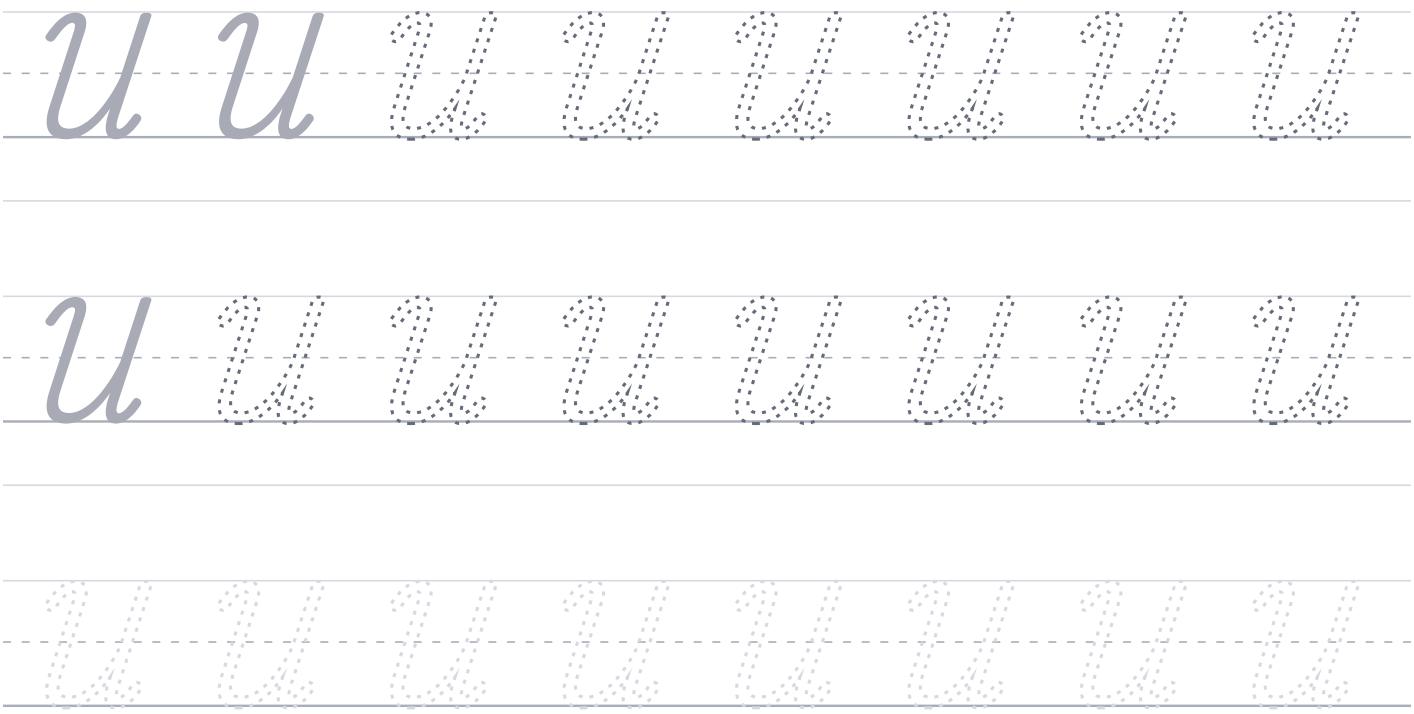

Cursive T

A wave across the top, then the stem.

Cursive U

Close to the printed letter. Watch the curl at the start and the end.

Cursive V

Close to the printed letter. Watch the curl at the start and the end.

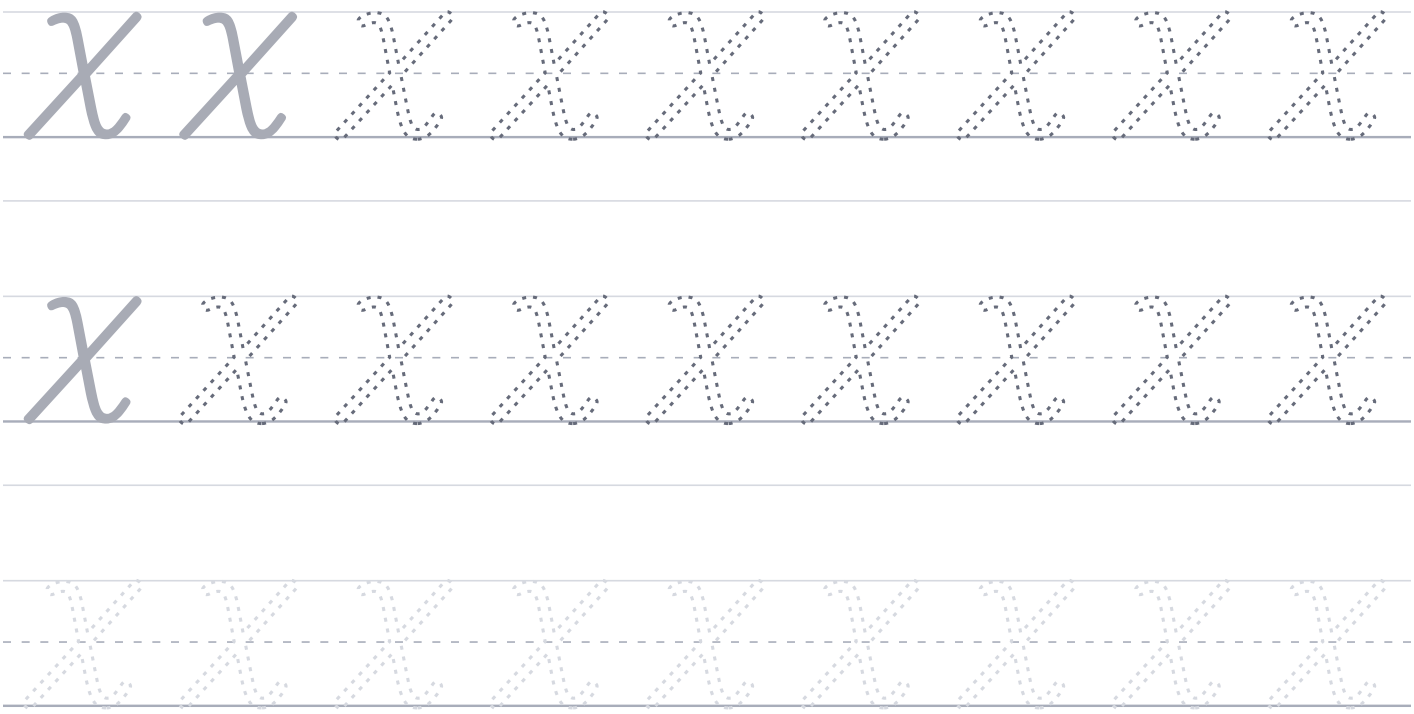

Cursive W

Close to the printed letter. Watch the curl at the start and the end.

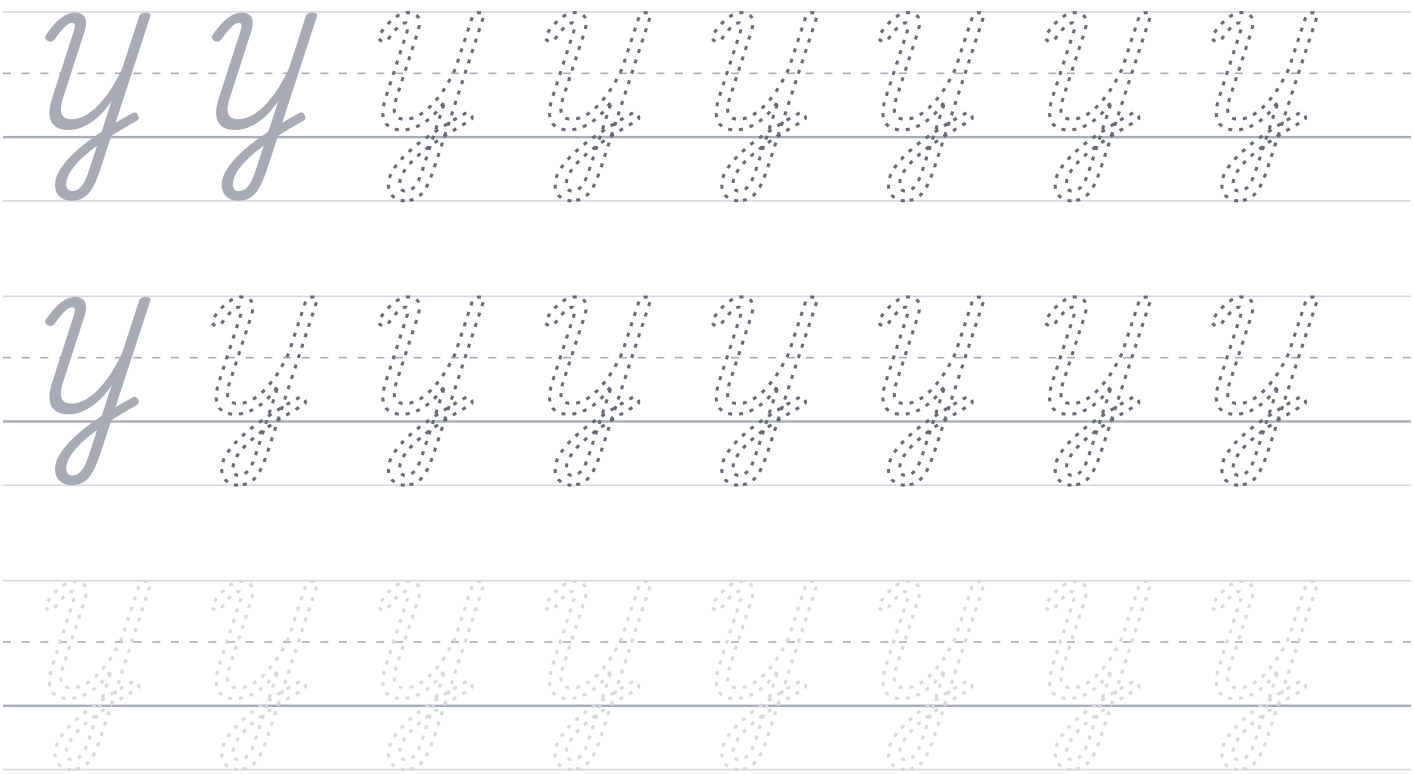

Cursive X

Close to the printed letter. Watch the curl at the start and the end.

Cursive Y

Close to the printed letter. Watch the curl at the start and the end.

Cursive Z

Swings below the line, like the cursive lowercase z.
