Matching Shapes Worksheets

Same shape, size, turned, shadow, name and sides

Every sheet asks one question: is this the same shape? What changes from sheet to sheet is how much else is different.

Sheets 1-3 match identical shapes, 4-6 a big shape to a small one, 7-9 a shape to the same shape turned round, 10-12 a shape to its shadow, 13-15 a shape to its name, and 16-18 a shape to the number of its sides.

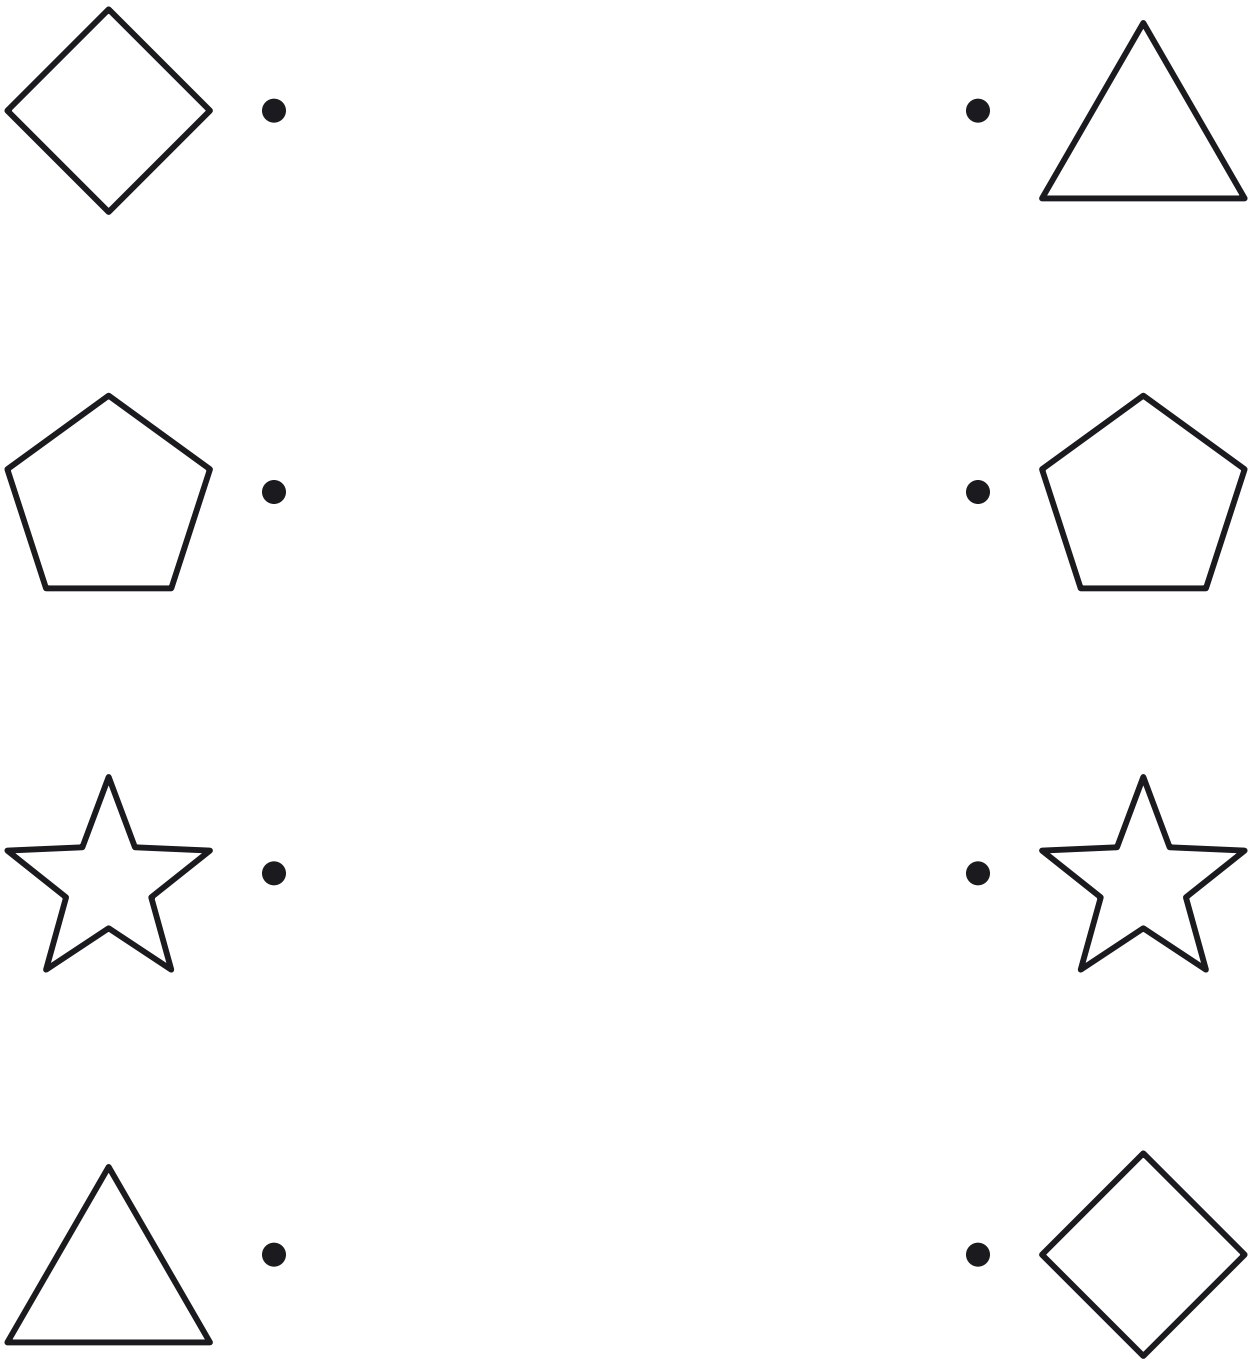

Eighteen sheets. Draw a line from dot to dot.

US Letter - black ink only - LKG, UKG and class 1, ages 3-6
