MATHS - CLASS 1

Maths Worksheets for Class 1

Fourteen sheets: one for each chapter of the Class 1 textbook

7 + 3 = 10

One sheet for every chapter of NCERT's Class 1 maths book, Joyful Mathematics, in the same order, plus a puzzle sheet.

The sheets are our own. Nothing is copied from the book. Each one practises what its chapter teaches, with the counters, hops and groups drawn so little reading is needed.

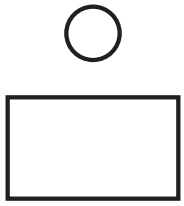

Answers at the back for the grown-up.
