

Circle warm-up

Make slow circles. Keep your wrist relaxed.

Hold the pencil gently with thumb and two fingers.

Straight pencil roads

Stay between the road lines.

The image shows a large, light blue rounded rectangle containing three horizontal dashed lines. Each line is composed of many small, evenly spaced vertical dashes, creating a 'road' or 'pencil road' for tracing practice. The lines are positioned in the upper half of the rectangle, with significant white space below them.

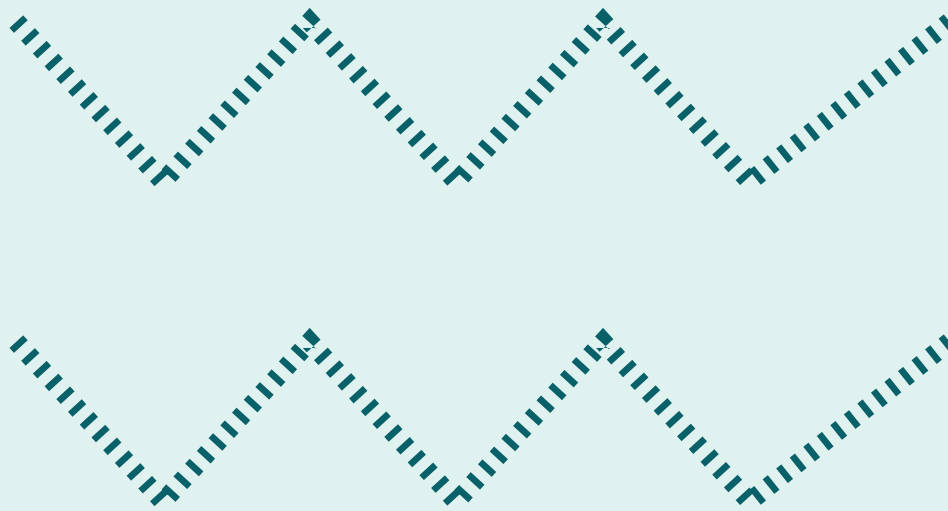

Curved pencil roads

Follow each gentle curve.

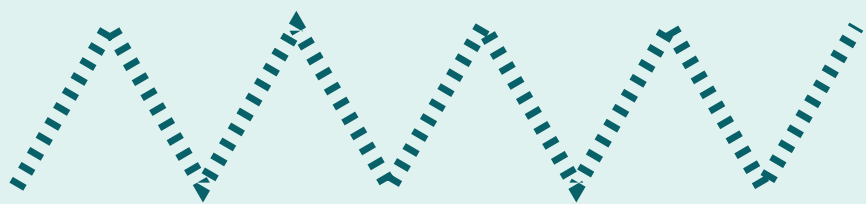

Zigzag roads

Stop at each corner.

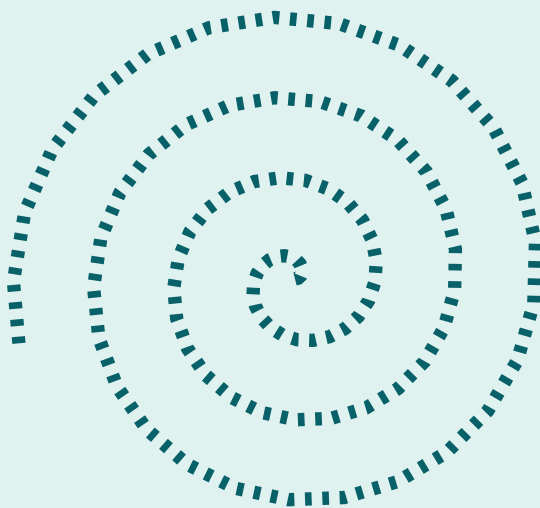

Loop practice

Trace each loop from left to right.

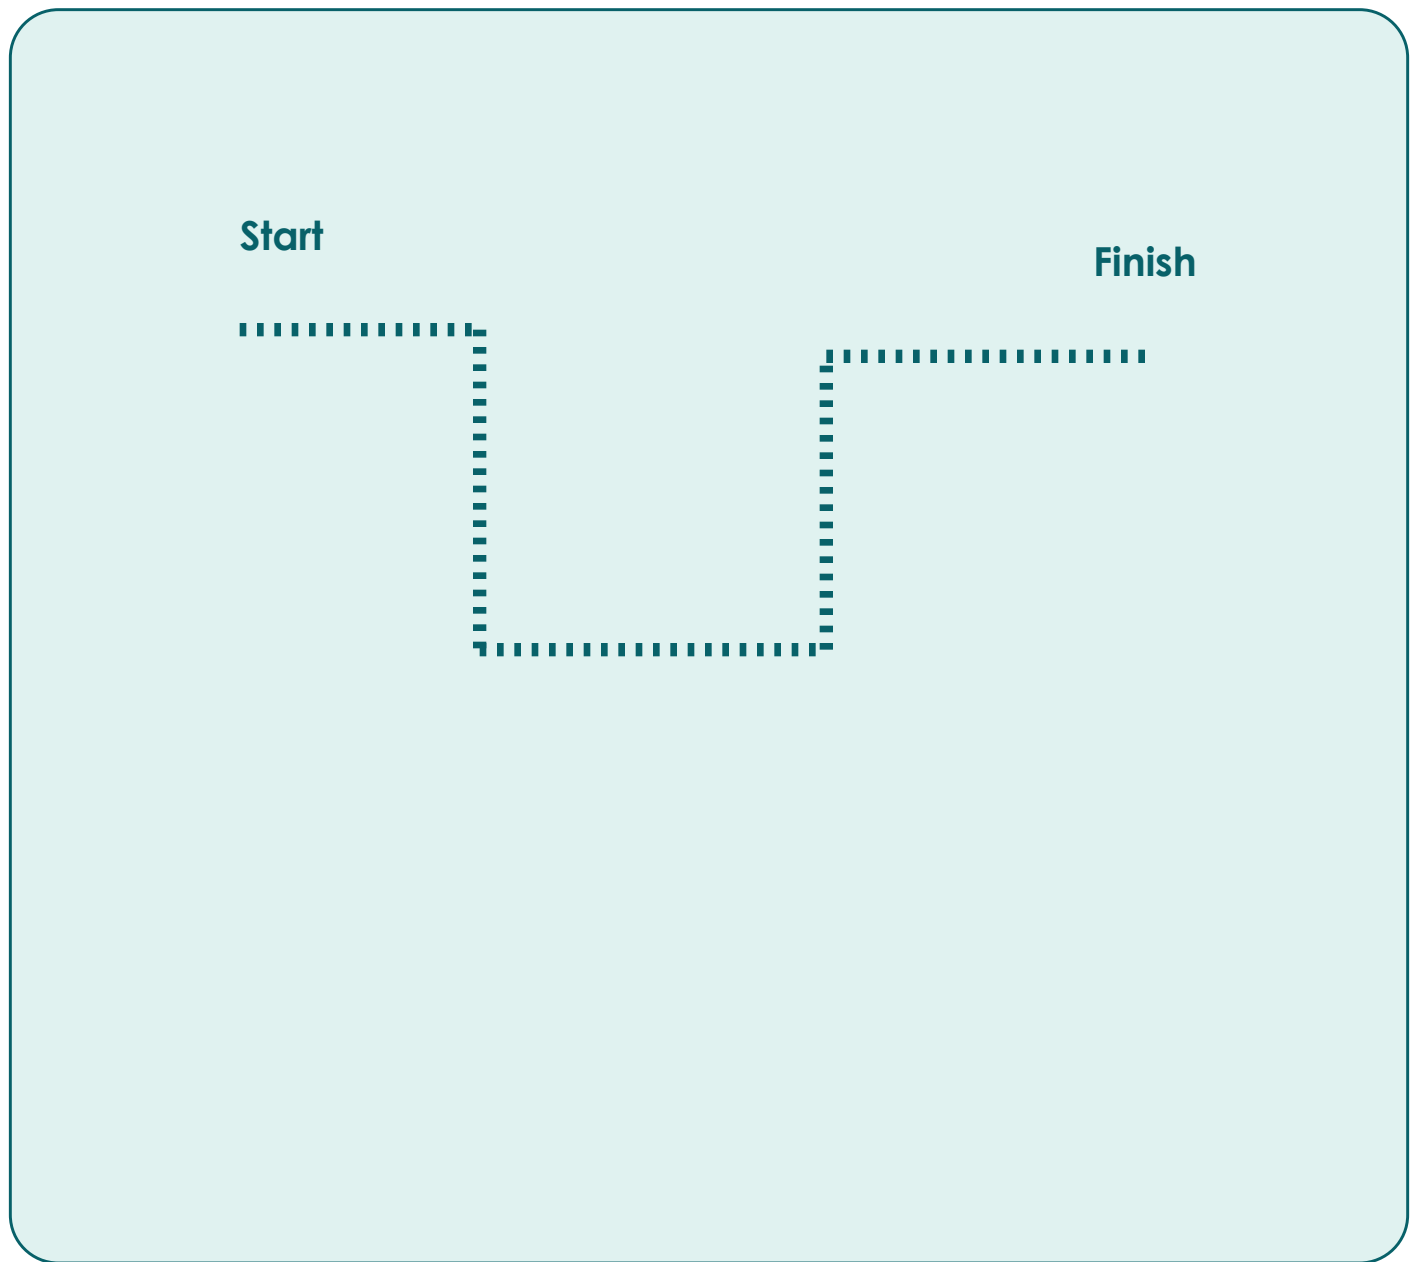

Spiral practice

Start in the middle and follow the spiral.

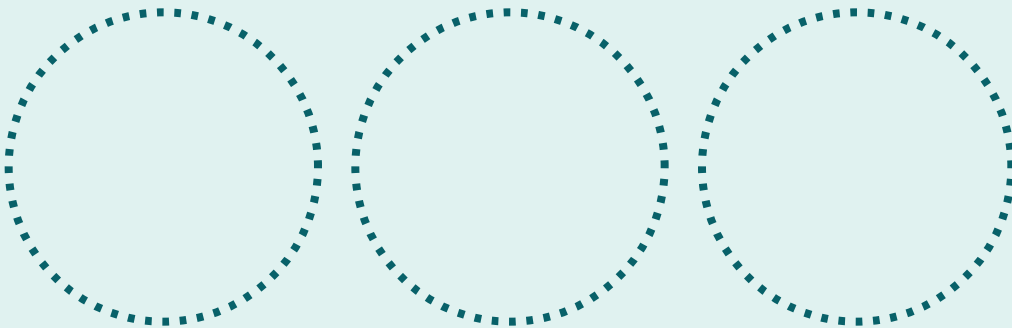

Pencil maze

Find the path from Start to Finish.

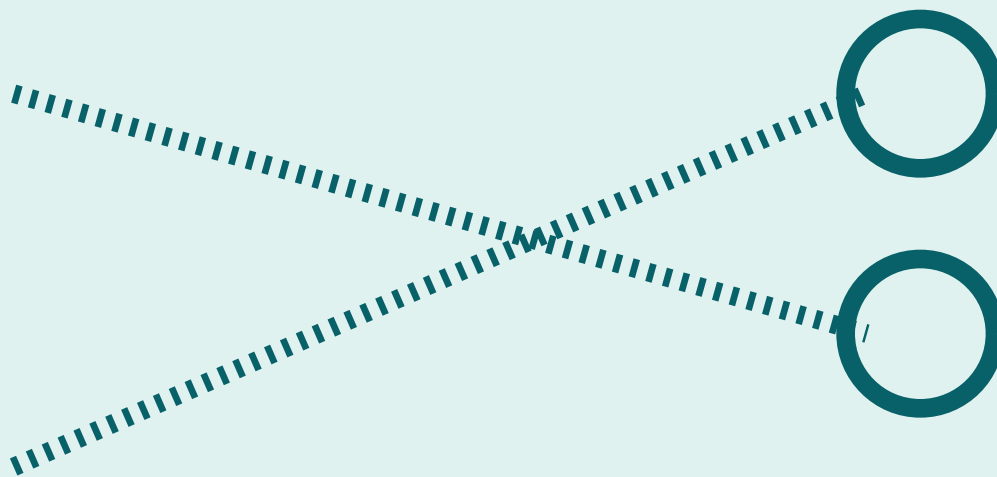

Shape control

Trace the circles without lifting your pencil.

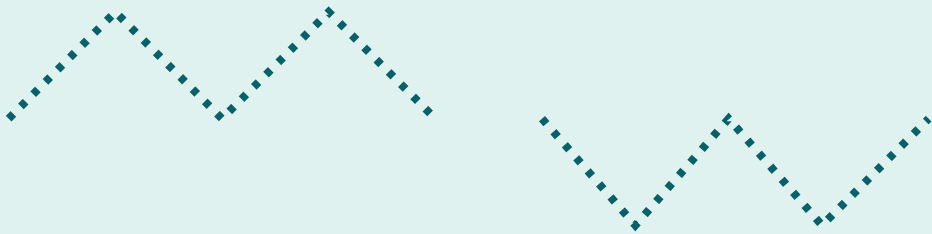

Follow the paths

Follow both paths to the target circles.

Copy the pattern

Trace the pattern. Make one more row.

Name practice

Trace the model, then try your own writing.

Name

Try a word you know.

Mixed control

Choose a path, loop or shape to practice again.
