MATHS - DATA

Tally Marks and Bar Charts

Twelve sheets: count it, tally it, then chart it

Data handling starts long before graphs. It starts with counting a group without losing your place, which is exactly what a tally in fives is for.

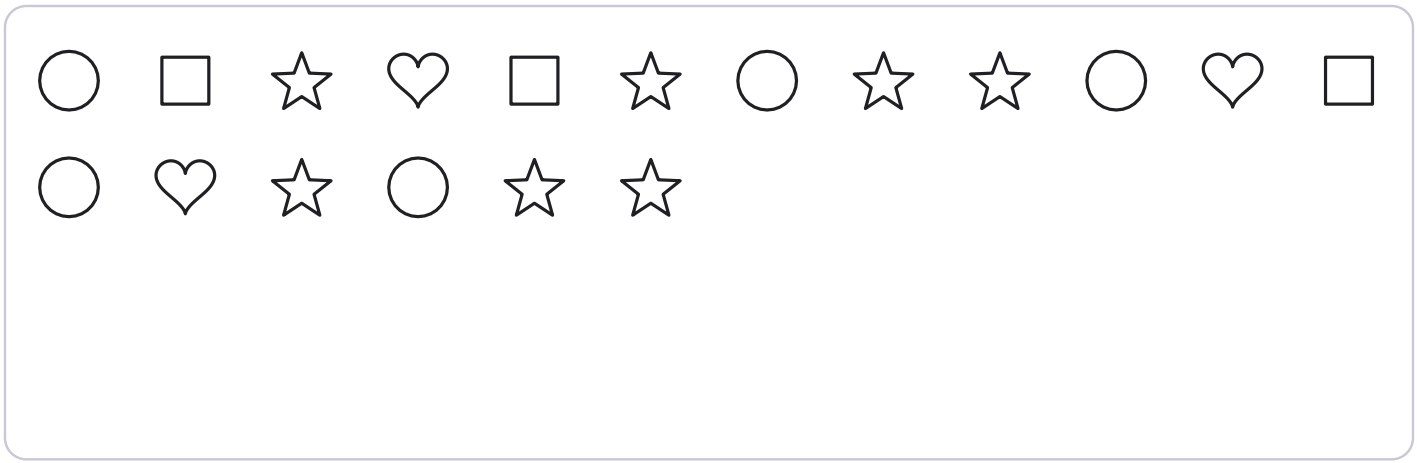

Every sheet runs the same three steps on a new set of shapes: count, record as tally marks, then color the bar chart.

US Letter - black ink only - ages 5-8

Name _____ Date _____

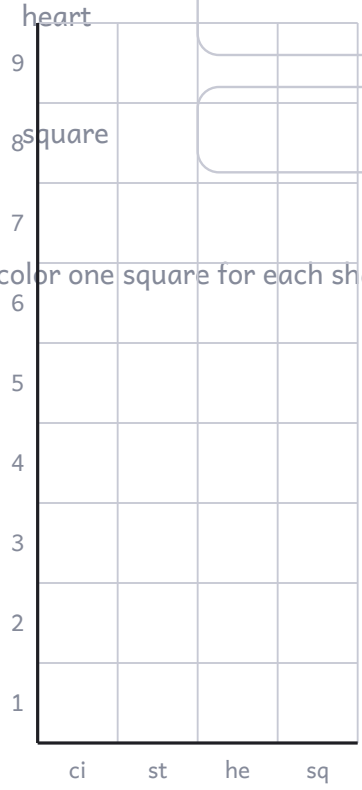

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

circle		
star		
heart		
square		

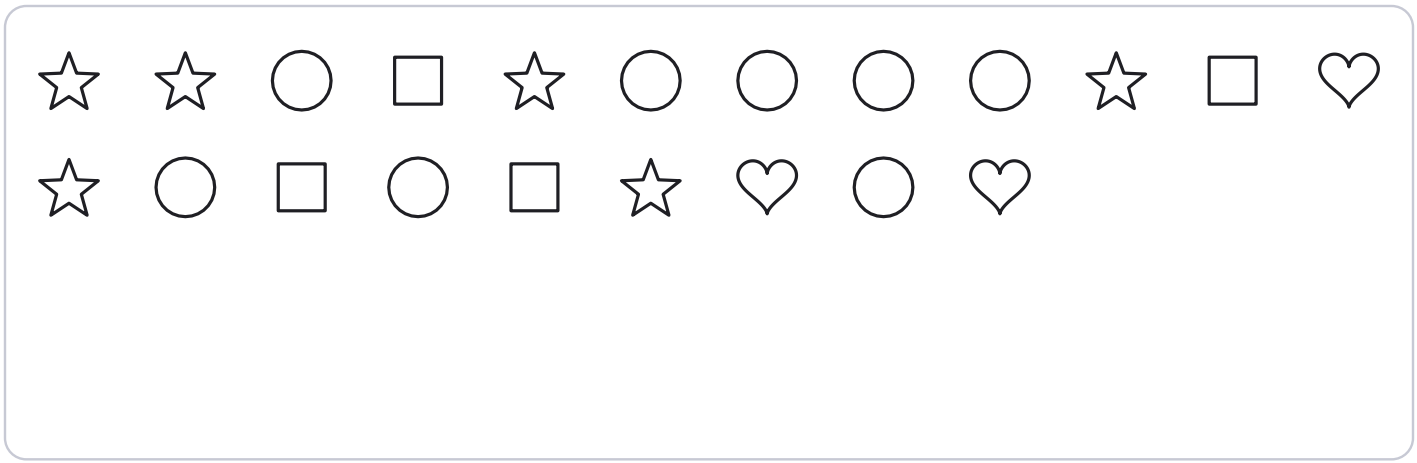

Now color one square for each shape you counted.

Name _____ Date _____

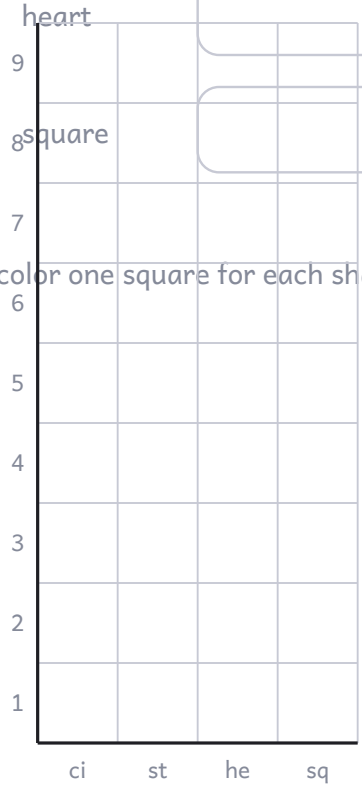

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

circle		
star		
heart		
square		

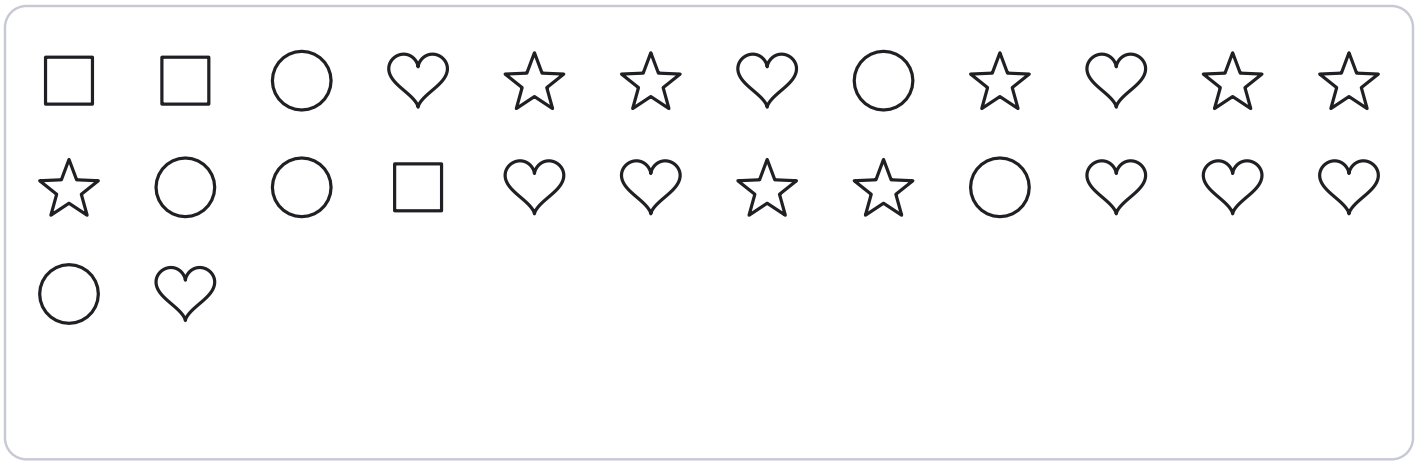

Now color one square for each shape you counted.

Name _____ Date _____

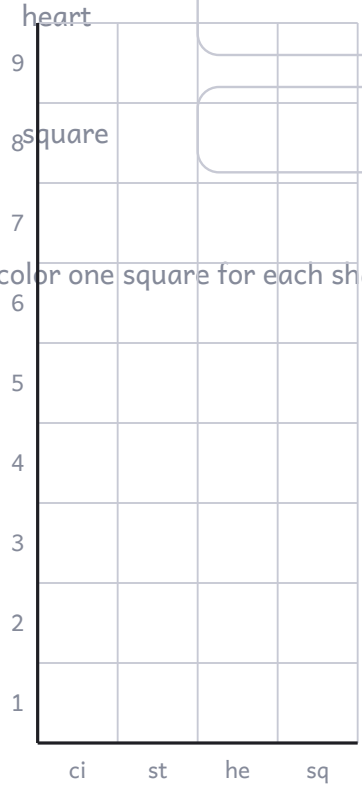

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

circle		
star		
heart		
square		

Now color one square for each shape you counted.

Name _____ Date _____

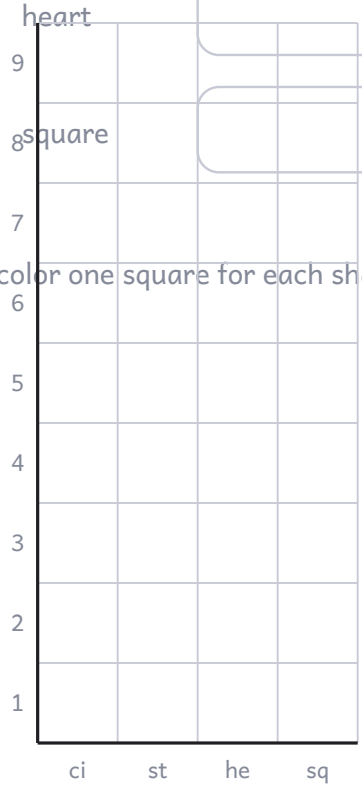

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

circle		
star		
heart		
square		

Now color one square for each shape you counted.

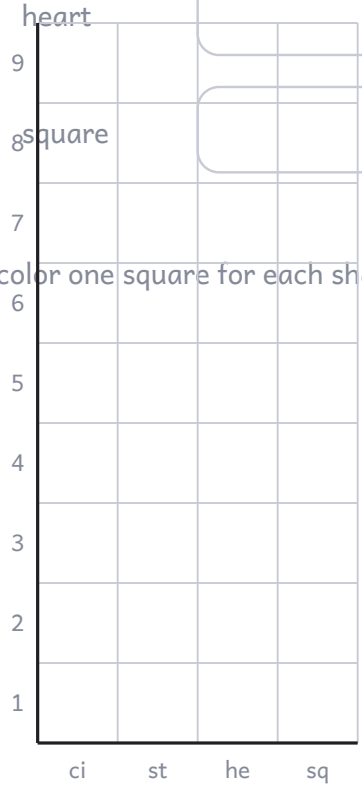

Name _____ Date _____

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

circle		
star		
heart		
square		

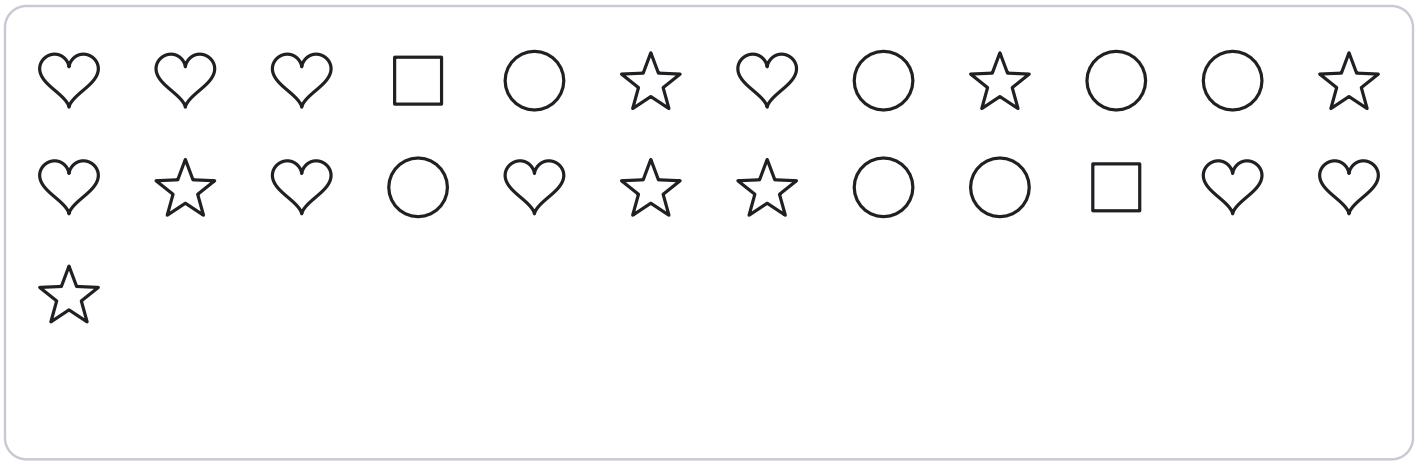

Now color one square for each shape you counted.

Name _____ Date _____

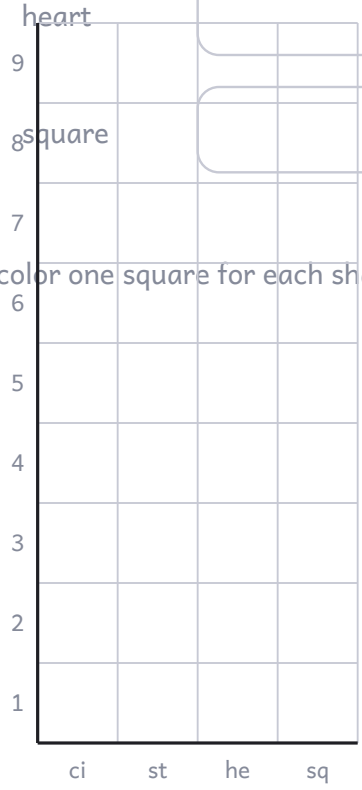

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

circle		
star		
heart		
square		

Now color one square for each shape you counted.

Name _____ Date _____

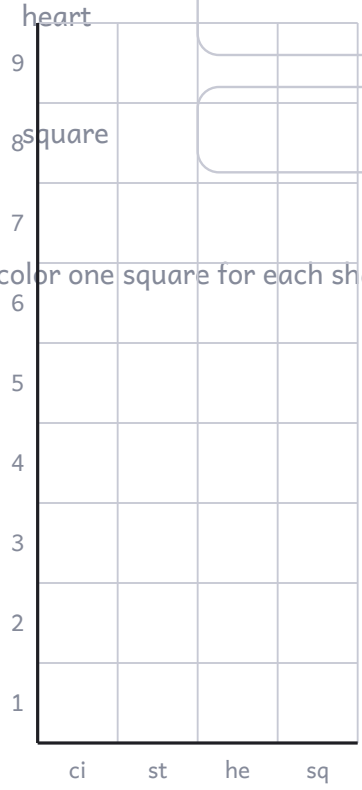

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

circle		
star		
heart		
square		

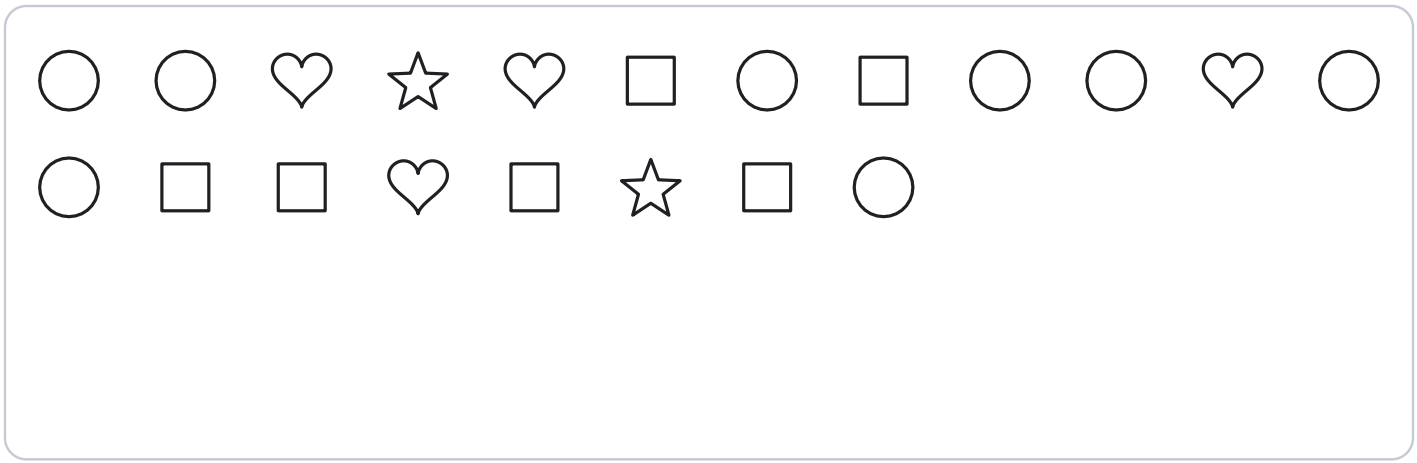

Now color one square for each shape you counted.

Name _____ Date _____

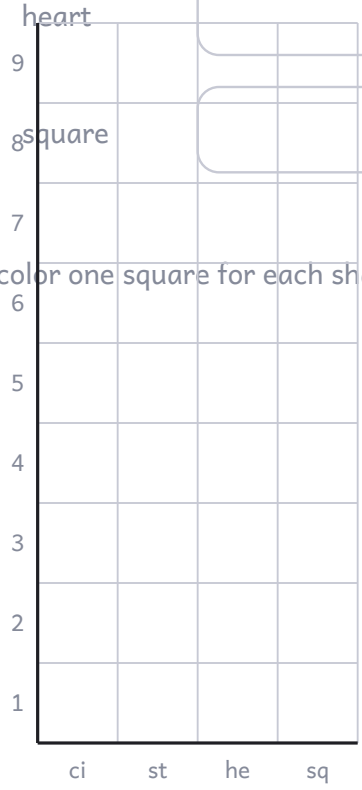

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

circle		
star		
heart		
square		

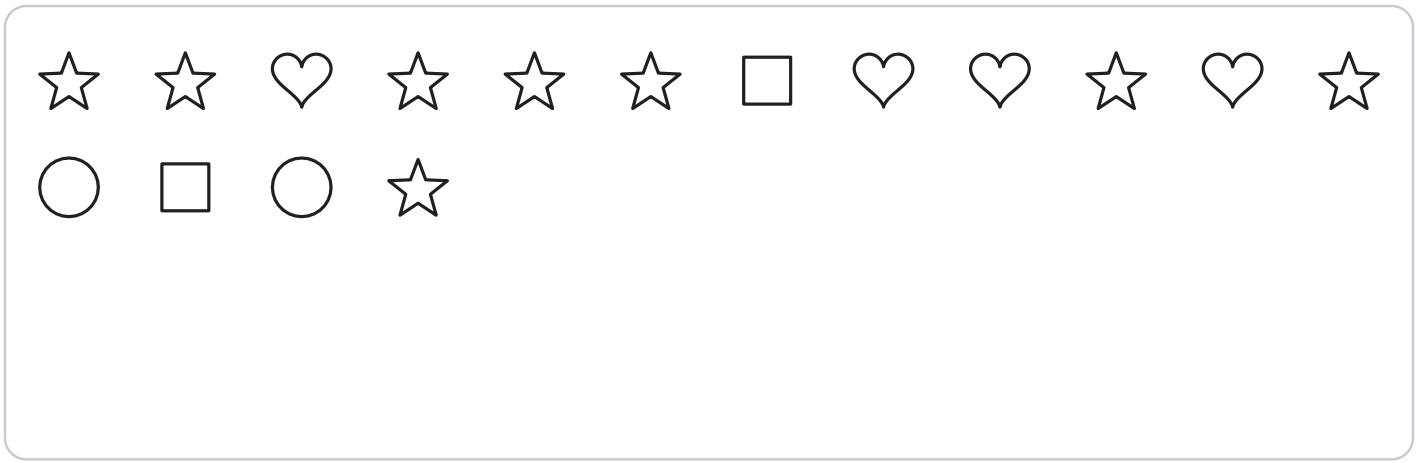

Now color one square for each shape you counted.

Name _____ Date _____

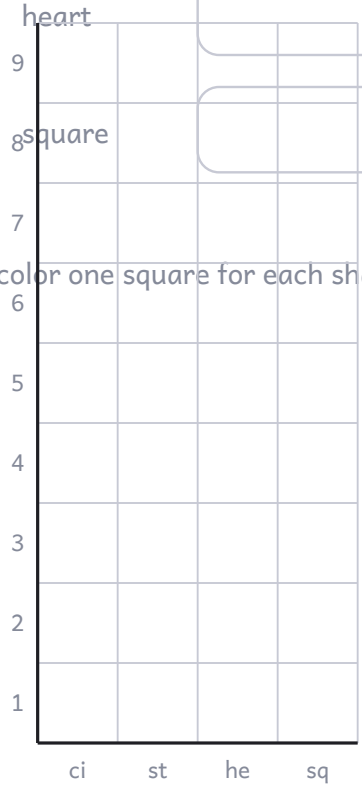

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

circle		
star		
heart		
square		

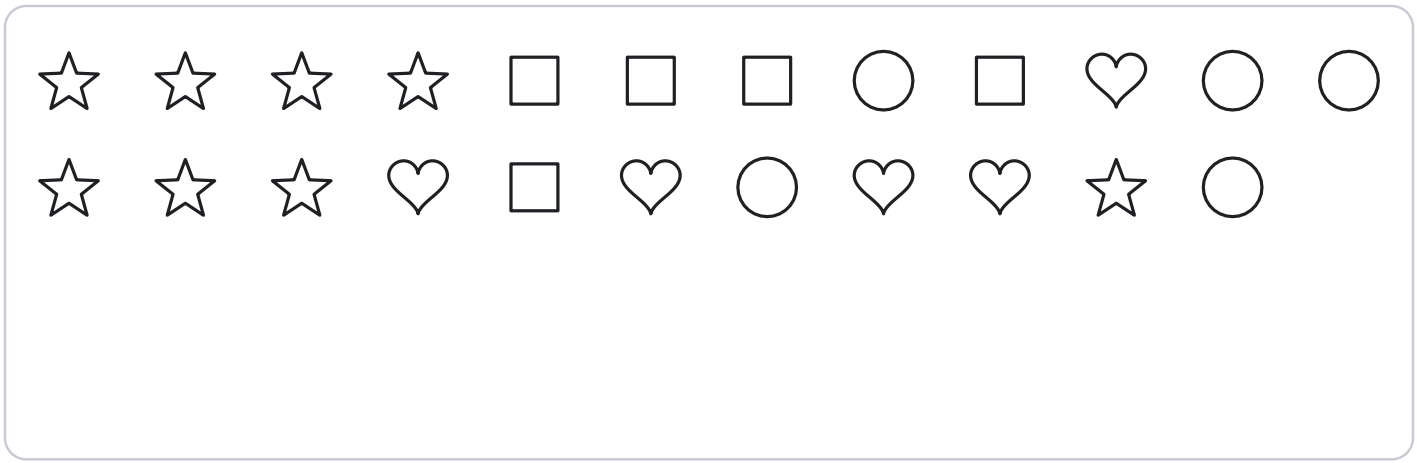

Now color one square for each shape you counted.

Name _____ Date _____

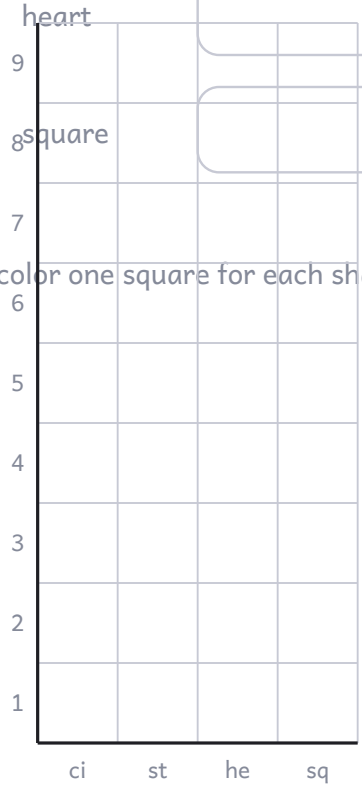

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

circle		
star		
heart		
square		

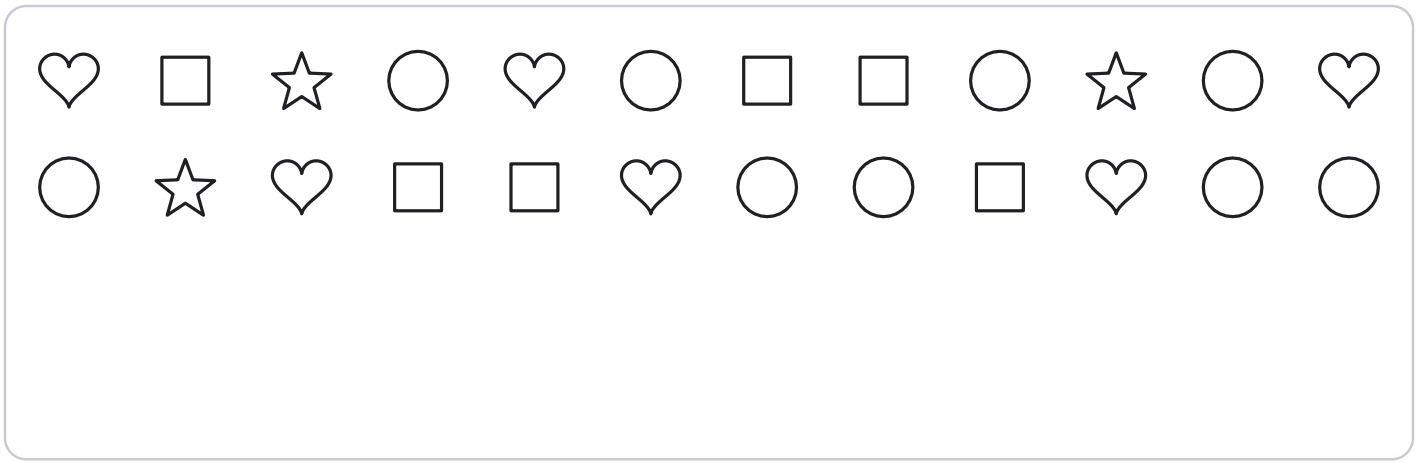

Now color one square for each shape you counted.

Name _____ Date _____

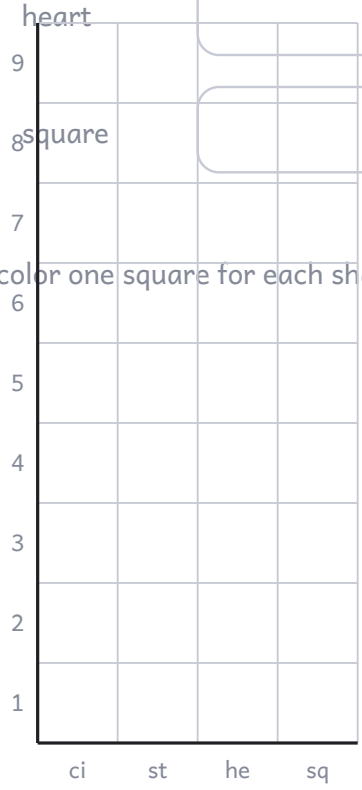

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

circle		
star		
heart		
square		

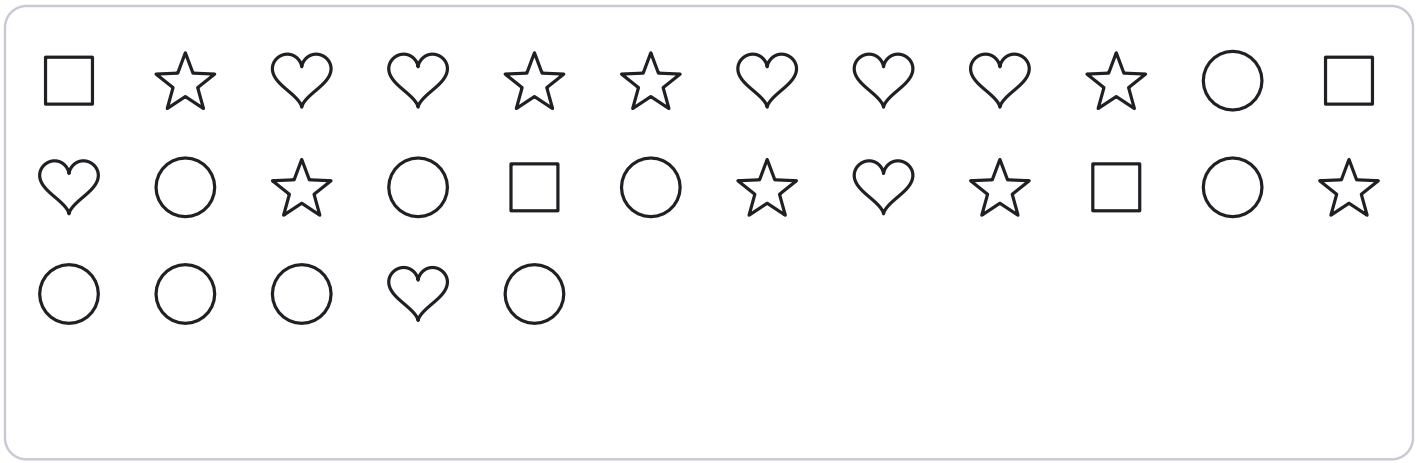

Now color one square for each shape you counted.

Name _____ Date _____

Count, tally, chart

Count each shape in the box, draw the tally marks, then color the chart.

circle		
star		
heart		
square		

Now color one square for each shape you counted.
